MEMORANDUM FOR: Acting Chief, DPD/DDP
VIA: Intel/DPD
SUBJECT: Requirements Advice for the
Next TALENT-KEYHOLE Mission

The COMOR has approved the following requirements for the next TALENT-KEYHOLE mission:

1. The COMOR Working Group has validated a total of 226 Highest Priority Targets. In order to maximize coverage, it is recommended cameras be turned on over the following areas:

3. Operations is requested to program Y coverage with regard to the specific targets recommended and to employ it when the remainder of any given X pass appears to be disadvantageous because of weather.

4. It is recommended that in the course of the mission Operations should, if coverage of China targets appears to require a sacrifice of Russian targets, eliminate China coverage.
